Academic Faculty - 1975

"Our School is recognized as one of the leading educational centers in the country, and our students are known for their positive work attitudes, high technical skill levels and strong academic training. Graduation heralds a new beginning for the class of 1999, where your vision of the future meets with your ability to fulfill your goals. Clearly your high school education has prepared you to face society with the necessary skills, not only to survive, but to succeed." I am proud of the work you have accomplished at this school and am confident in your ability to lead us into the new millenium.

To the Class of 1999:

"I am very proud of your accomplishments while at voc-tech. The training you received at this school provides a solid foundation for all future endeavors."

Mr. Garth.

"It has been wonderful to watch you grow academically, emotionally and socially over the past four years. I hope you have enjoyed your high school and remember these words: "Believe -- Achieve -- Succeed"

Mr. Shea

"As you graduate, you are well prepared to enter the world of work in the 21st. century. Congratulations and may you be successful in meeting the challenges which lie ahead"

Mrs. Pfeningner

"To thy own self be true, if you are then everything else will work out."

Mr. Brown

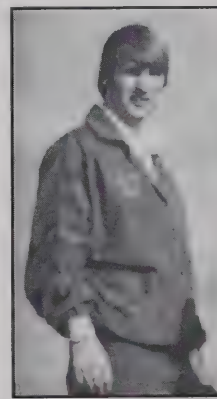

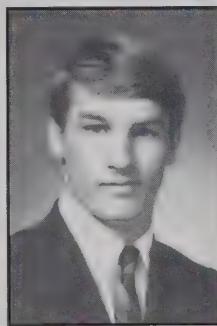

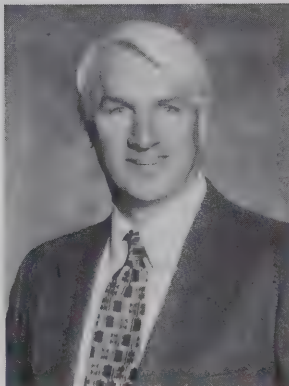

"Do your best in all that matters most and success will follow."

Mr. O'Brien
